Our ages span nearly 3 generations and our musical influences range from old-time country to metal and everything in between. Lush harmonies, haunting melodies and driving rhythms provide a rich backdrop for a cast of finely drawn characters pulled from history, mythology, imagination and experience."

"After the Flames" is the first major release from Katie Belle & the Belle Rangers since their popular 2016 EP, "Caged Hummingbird."

Asked to describe their start in music, the Belle Rangers write, “Katie Belle got her start in the Chicago insurgent country scene. Upon moving to Ottawa, IL. she formed a band with husband 'Duffelbag' Joe Trupiano (Mustache), Tyler Terrones and John Nicoli (Liquid Blues Project) and Dick Verrucchi (Buckacre).”
